Vouchsafe: TR581906 Web Application - Penetration Testing Attestation

During the test; TR581906: Web Application, which was completed during the dates of 21st September and 25th September and which the scope and approach was as follows;

- Grey-box unauthenticated and authenticated web application penetration testing against the in-scope application:
    - https://app.vouchsafe.id

OnSecurity would like to confirm that, following testing and subsequent retesting, no high, medium, or low risk issues remain.

OnSecurity is a CREST (Council of Registered Ethical Security Testers) accredited UK pen-testing vendor. This ensures our testers and our processes adhere to best in class manual pen-testing processes and methodologies. Our in-house developed testing methodologies are based on OWASP and OSSTMM.

Yours faithfully,

Adam Luxford
Director
ONSECURITY
